

Lesson Plan 7 Part A: Vocabulary Activity Word Strips

*Give each group one word strip (word with definition). You may have to copy more than one set if you have a larger class size. It is fine to have multiple examples of the same word.

Nomadic Tribes- Groups of people without a home. The group moves from place to place looking for food or shelter.

Standard of Living- the level of comfort of a people in a country; how much access the people have to electricity, food, stores, etc.

In History: Saddam Hussein raised the standard of living

Economic Sanctions- actions taken against the economy (money and how it's made) of one country by another country or countries; an example of an economic sanction is for many countries to agree to not trade with one country.

Sovereignty- the right to independence; the right to have power over itself

International Law- laws that all nations have agreed on to follow

Dictator- a political leader with complete control over a nation. The people of the country have no voice in decisions and politics of the country.
